

## Information Regarding Nonprofit Organizations

Many nonpublic schools, religious organizations, and nonprofit organizations are not included in the definition of a food establishment, and therefore are not regulated by the Health Department.

Examples of establishments that are not regulated and are not inspected by this Department for food safety, include many of the following:

- Nonprofit organizations operating for not more than fifteen (15) days in a calendar year, including bake sales, dinners, and fish fries,
- All church bake sales and dinners,
- All parochial/private schools concession stands and bake sales

To review the definition of a food establishment, please visit the following link to Indiana Code and scroll down to Section 137 (<http://www.in.gov/legislative/ic/code/title16/ar18/ch2.html>)

Exempt organizations are **not required** to notify the Hendricks County Health Department and are exempt from inspection. If your organization would like to notify the Hendricks County Health Department of your exempt status, please contact our office at (317) 745-9217 or email [kclick@co.hendricks.in.us](mailto:kclick@co.hendricks.in.us).
