

How Do We Prevent Child Abuse and Neglect?

RAISE PUBLIC AWARENESS

Indiana Child Abuse and Neglect Prevention Awareness Month

Each year during the month of April we distribute nearly one million pieces of educational literature concerning child abuse prevention to schools, day care centers, health care programs and others. The literature is then used to teach parents and caregivers throughout Indiana positive parenting skills that prevent abuse and neglect.

MEDIA RELATIONS

We actively work with print, radio and television outlets throughout the state to educate Hoosiers about the problem of child abuse, positive parenting skills and child abuse prevention.

INFORM AND EDUCATE CAREGIVERS AND PARENTS

Care Line (800) CHILDREN

We provide a statewide toll-free telephone information and referral service for caregivers, parents and professionals who need information, referral and support.

PREVENTION EDUCATION SERIES

We provide a series of presentations to adolescents, caregivers and professionals on indicators of abuse and neglect, preventing shaken infant syndrome and preventing child abuse and neglect in day care centers.

CONFERENCES & WORKSHOPS

Annually we convene the only statewide conference on child abuse prevention that is attended by 800 professionals and volunteers from all over Indiana who work directly with children and families. We also provide continuing education workshops throughout the year for this same group.

FAMILY SUPPORT RESOURCE CENTER AND WEB SITE RESOURCES

Through our lending Family Support Resource Center and web site, we provide caregivers and professionals resources on the problem of child abuse and neglect and positive parenting skills.

DEVELOP COMMUNITY-BASED NETWORKS AND PARTNERSHIPS *Prevention Network*

We organize and support local volunteer prevention Councils that promote child abuse prevention efforts in their community. We also identify and partner with individuals from businesses and corporations, the faith community, civic groups, schools and the public sector to promote child abuse prevention efforts at the local level.
