

# GOOD HOUSEKEEPING & POLLUTION PREVENTION

for Municipal &  
County Employees

## DATE

Thursday,  
November 6, 2025

## TIME

8 am-noon

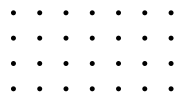

## LOCATION

Hendricks County Fairgrounds

We'll cover the **importance of stormwater quality, current regulations**, and **lessons learned** from the past year's facility inspections and audits; provide in depth information on **spill prevention and response** and end with an interactive game which will help participants learn to **evaluate common stormwater pollution prevention practices at municipal facilities**.

**Who should attend:** employees who are responsible for daily municipal and county operations that influence local water quality
