- Provided Christmas sponsorship for all target children and siblings under 18.
- 77 Developmental Screens were administered on target children for 96% completion rate
- 28 Postpartum Depression Screens were completed for a 93% completion rate
- 100% of mandatory safety topics competed
- 100% of first home visits were made before target infant was 90 days old
- 2018-2024 Accreditation completed in August. Found within compliance.

2018 Baby & Me Tobacco Free Grant

Overview

The Hendricks County Baby & Me - Tobacco Free Program was awarded \$50,000 for Fiscal Year 2018. The Hendricks County Health Department provided a 30% match from Child Health funds of \$13,486 in in-kind funding.

This evidence-based program provides 4 prenatal and 12 postpartum appointments to pregnant, smoking mothers. Participants are enrolled during pregnancy and must quit smoking before the baby is born. A \$25 diaper voucher is given at prenatal sessions 3 and 4 and all 12 postpartum sessions to mothers who successfully quit smoking.

Twenty-six new participants were enrolled during 2018. This is a significant increase from the 19 participants enrolled in 2015 and 17 participants enrolled in 2016. In 2018, 9 participants successfully completed all 12 postpartum sessions and graduated from the program.

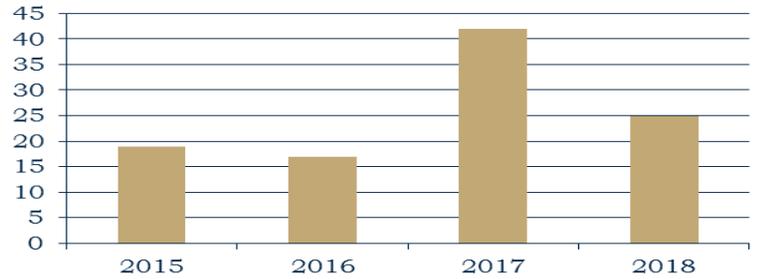

2018 Grant Activity Highlights

- 9 participants successfully completed all 4 prenatal sessions.
- 9 participants successfully completed all 12 postpartum sessions.
- American Health Network, Avon OB/GYN, and New Life Associates enrolled as Referral Partners.
- 44 referrals were made to the program by Avon OB/GYN, Westside Physicians for Women, and WIC.
- 9 Babies were born to Baby & Me Participants. All births were born at 39 weeks gestation or greater and all birth weights were 6 lbs. 9 oz. or greater. No babies born to mothers actively enrolled in the program were born Pre-term or Low Birth Weight.
- The program facilitators conducted 50 prenatal sessions and 135 postpartum sessions.
- The Program Coordinator partnered with the Ready Set Quit Tobacco Coalition and joined a Smoke Free Pregnancies Committee to help develop a local text messaging smoking cessation initiative for pregnant women in Hendricks and Morgan counties.

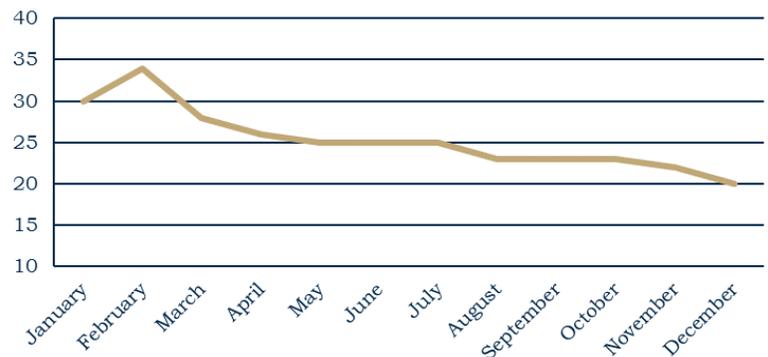

Healthy Babies. Born on Time.

Partnership Training Events—Topics

- Adverse Childhood Experiences
- 3 Essential Strategies to Clear Messaging
- Bias Awareness/Cultural Competency

HCHP Local Coalition Updates

Each local coalition made progress on their portion of the 2016-2018 Community Health Improvement Plan. A few “major” projects that were completed, plus other updates in 2018 are listed below.

Accessing & Utilizing Healthcare Coalition

- Developed personal care “Zone Sheets” for patients who have Diabetes and patients who have Depression
- Assisted local hospitals with conducting the 2018 Hendricks County Community Health Assessment
- Organized a meeting with key stakeholders to discuss the 2019 goal of addressing the major transportation barrier for patients who do not have a vehicle or cannot drive to appointments.

Substance Abuse Task Force (Projects Committee)

- Officially combined forces with the pre-existing Substance Abuse Task Force, which is the self-funded local coordinating counsel for drug abuse prevention. HCHP Coordinator now serves on the SATF Executive Board, and has a standing agenda item for their monthly meetings.
 - “Projects Committee” was formed from within the SATF to collaborate on evidence-based projects such as prevention education programming.
- HCHP Coordinator received grant funding to be trained as an Overdose Lifeline prevention educator for the county — training completed in October 2018.

Physical Activity & Nutrition Coalition

- Completed the online map of fresh fruit and vegetable access points such as farmers markets and community gardens.
- Re-launched in October 2018 with a renewed vision and focus, then began work on a new Community Calendar for free or low-cost physical activity opportunities.

Tobacco Free Hendricks County Coalition

- Developed e-cigarette/vaping prevention education materials including posters, social media graphics, and parent-flyers for local school corporations to use.
- Completed store-front “point-of-sale” audit to survey the marketing techniques being used by big tobacco companies.

2018 Health Partnership cont.

Mental Health & Wellness Coalition

- Designed and distributed 2 mental health awareness and suicide prevention flyers throughout the community.
- Hosted multiple planning meetings for both Crisis Intervention training for local law enforcement officers, and for developing a lay-responder (Psychological) Crisis Response Team for the county.
- Coordinated a resource meeting for acute care providers and mental health providers to connect on referrals.

2 NEW Coalitions launched in 2018:

- **Hendricks County Minority Health Coalition**
 - Launched in order to increase the equitability of the existing healthcare system, to better meet the specific needs of individuals who are members of minority groups, and to improve the public's intercultural competency in Hendricks County. Hendricks County Interfaith Coalition
- **Hendricks County Interfaith Coalition**
 - Launched in order To build bridges between the different faith communities, to improve the spiritual health of individuals and families, and to make a difference through interfaith efforts for people in need.

2018 Naloxone Rescue Kit — Grant Activity Highlights

The Hendricks County Health Department was awarded 100 Nasal Naloxone Rescue Kits through a grant from the Indiana State Department of Health in late 2018. Also had 17 kits leftover from 2017 to distribute earlier in the year.

- Distributed 22 kits in 2018.
- Trained 26 Hendricks County laypersons or agency professionals in 2018, including people from school corporations, mental healthcare agencies, law enforcement and corrections departments, community organizations, and housing facilities.
- Advertised the program through working with local fire departments, community agencies and businesses, and attending fairs and events such as the Drug Free Family Night hosted by the Substance Abuse Task Force.
- Completed 3 group trainings including Brownsburg Public Library staff, Plainfield Public Library staff, and Cummins BHS staff.

2018 Preparedness

Preparedness Activities

- Added Hendricks County Fairgrounds as an active Point of Dispensing site and performed a facility set up drill to identify areas of improvement in case the facility was needed in a shelter situation.
- Completed work on the CDC DCIPHER program. This is the federally mandated program that sets out our entire medical countermeasures plan and site plans. Reviewed by the State and given guidance into areas that need to be addressed in our plans
- Participated in Kids Fair/Preparedness Fair. Distributed materials pertaining to the Medical Reserve Corps as well as information about preparedness.
- Updated Radio Inventory. We maintain a cache of radios for different purposes. An AM radio that would be used to communicate messages to the public over an AM radio frequency. We have 6 800 MHz radios used to communicate with local fire and police agencies as well as statewide on Public Health channels. We also have 24 radios used for communications within our Points of Dispensing.. Added headsets for these radios to ease communication issues experienced in the facility set up
- Participated in District-wide Full scale exercise that highlighted communications with various facilities in our county as well as the entire district.

Community Group Partnerships

- Hendricks County School Safety Commission. This group is comprised of members of each school safety and law enforcement, Emergency Management and the Prosecutors office. Various school safety issues are discussed as well as programs presented to enhance the safety of the schools in Hendricks County.
- District 5 Local Health Departments Preparedness and District 5 Healthcare Coalition. These monthly meetings are for networking and training of all the Public Health Preparedness Coordinators. The District 5 Healthcare Coalition is a monthly grant required meeting of all Hospital, Health Department, Emergency Management and Emergency Medical Services professionals
- Hendricks County Emergency Support Function (ESF) #8 Committee. As director of this group, bring all Healthcare resource representatives in Hendricks County together for quarterly meetings and training sessions
- Local Emergency Planning Committee (LEPC). This is federally mandated group that meets quarterly for training and discussion related to hazardous materials in Hendricks County.
- Organized the Hendricks County Healthcare Related Facility Taskforce comprised of Long Term Care, Home Health, Dialysis and other facilities to inform, train and become better prepared

2018 Preparedness

Medical Reserve Corps

- MRC went through a restructuring with a survey that resulted in an updated roster of volunteers requiring background checks
- The updated roster resulted in 50 solid MRC volunteers. Can be utilized for various activities within the county
- Applied for and received Challenge Award through National Association of County and City Health Officials (NACCHO) for \$2500. Purchased brochures, signs and credentialing materials as well as training in CPR and First aid.
- Participated in various fairs and festivals throughout the county to promote volunteering in the MRC. This also allowed us to engage the community and advertise the MRC as a response group within the county.
- Actively pursuing formation of an animal rescue task force to be part of the MRC and working closely with a Mental Health group to possibly form a Crisis Response team.
- Began training to provide Stop the Bleed classes in community outreach
