Findings of Fact/Law
ZA 457/18; Laskowski

An application for the above noted zoning map amendment was filed in the office of the Hendricks County Department of Planning and Building (DPB). That application sought to rezone a property from RB/Single-Family Residential to AGR/Agriculture Residential District. Acting in its role as staff to the Hendricks County Area Plan Commission, the DPB staff subsequently created a file containing all documentation of the request and made that file available for public inspection in the department's office at the Hendricks County Government Center.

In accordance with Indiana Code (IC) 5-3-1, the DPB staff published a legal notice in the *Hendricks County Flyer* and the *Danville Republican*. This notice advertised the public hearing scheduled in conformity with the Hendricks County Area Plan Commission Rules of Procedure Section 3.07(D)(1). The public hearing included the above zoning map amendment on its agenda.

In accordance with Section 3.07(D)(2) of the Rules of Procedure of the Hendricks County Area Plan Commission, the applicant also sent courtesy notices to certain surrounding property owners of record and other interested persons. A copy of this courtesy notice and a list of those receiving them were made a part of the file for this rezoning petition.

The Commission conducted the hearing as advertised and heard evidence and testimony on the above noted rezoning. Meeting in open session, the Commission subsequently considered the above noted request and its relationship to the requirements of IC 36-7-4 and the Hendricks County Zoning Ordinance. A tape recording of this proceeding has been on file and available to the public in the DPB office since the date of the hearing.

In its deliberations, the Commission weighed the evidence associated with the following requirements and made the following findings.

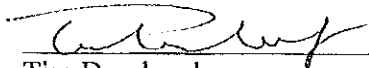

IC 36-7-4-603: Zoning ordinance; preparation and consideration of proposals. In preparing and considering proposals under the 600 series, the plan commission and the legislative body shall pay reasonable regard to:

- (1) The comprehensive plan;**
The proposal does substantially comply with the recommendations of the Hendricks County Comprehensive Plan. The Comprehensive Plan designates this area for Rural Residential. Agricultural Residential (AGR), fits the category for "Rural Residential."
- (2) Current conditions and the character of current structures and uses in each district;**
The proposed zoning change will not change the current conditions or character of the property. The property's structures or uses are not changing with this request.

- (3) **The most desirable use for which the land in each district is adapted;**
The most desirable use for this property would be an Agriculture Residential or a similar compatible use.
- (4) **The conservation of property values throughout the jurisdiction;**
Property values probably would not be affected negatively due to the mix of agriculture residential uses in the area.
- (5) **Responsible development and growth.**
The proposed rezone would be responsible development and growth as it follows a recommended pattern from the Comprehensive Plan because this area is designated as "Rural Residential"

For all the foregoing reasons, the Commission recommends approval of this request for a zoning map amendment on the 9th day of October, 2018.
