First, we want to thank all of you for your dedicated service to the citizens of Hendricks County.

We assure all that we are united in our efforts to protect and take utmost safeguards for all employees and our valued Hendricks County residents.

Countless hours have been spent by many to develop the best policy, protections and efforts to meet this unprecedented pandemic event.

Know that we care about you, your families and we are doing our best for all concerned. We ask your patience. We understand that stress levels are at an all-time high right now. We are Hendricks County (home of some of the finest) and we will attempt to all work together in cooperation to win.
